

# WordPress Best Practices

Fix-it Clinic

Feb. 5, 2025

# Choose an accessibility-ready theme

- Units theme is built with accessibility in mind
- Filter by “accessibility-ready” on [wordpress.org](https://wordpress.org)

# Choose plug-ins that are accessibility-aware

- Page builders vary in accessibility readiness
- [Equalize Digital page builder report](#)

# Try the Accessibility Checker plug-in

- [Accessibility Checker by Equalize Digital](#)
- Runs within WordPress, so you can check for accessibility issues before you publish content

# Media Library

- Add alt text when uploading images to the Media Library
- Make sure videos have captions

# March Fix-it Clinic

- Next Fix-it Clinic will be on Wednesday, March 12 due to a scheduling conflict
- Topics of interest?
